

A detailed view of a Jones Wraptor machine, a high-speed paperboard multipack wrap solution. The machine is complex, with various rollers, gears, and a large roll of white paper being processed. The text 'Jones Wraptor®' is overlaid on a dark blue background in the upper left corner.

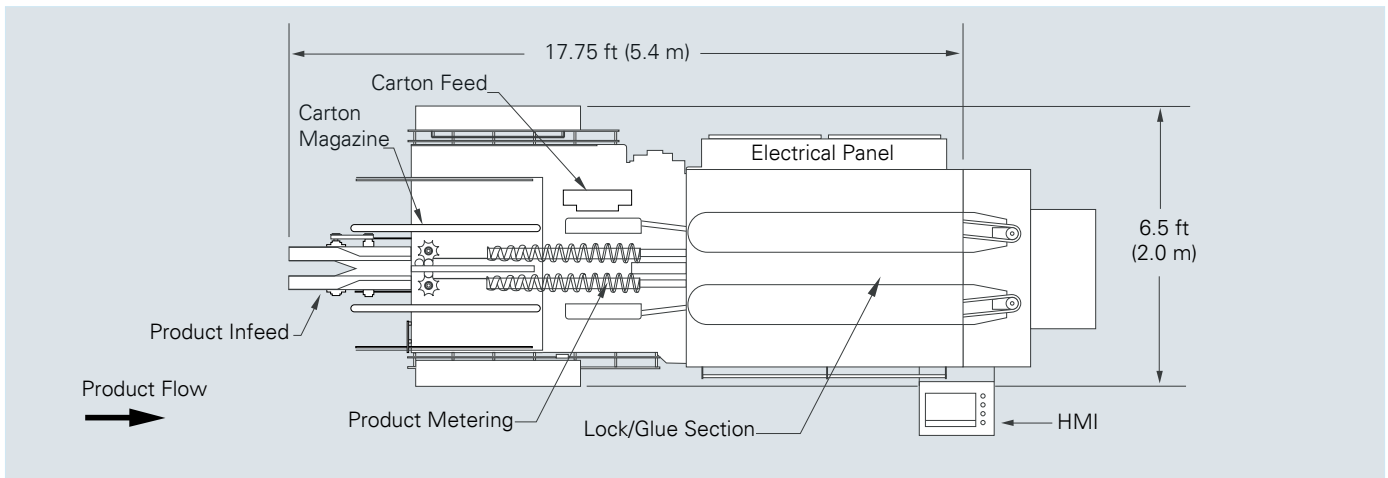

Jones Wraptor®

Jones Wraptor® machines are a family of reliable, high-speed paperboard multipack wrap solutions tailored to meet your requirements. The Jones Wraptor® provides the flexibility to choose the wrap supplier and substrate that best suit your packaging needs. Static locking device for package closure eliminates the need for glue (glue option is available). The Jones Wraptor® is designed to suit a wide range of applications including a variety of products, packaging styles and configurations. Carton speeds are capable of reaching up to 250 cartons per minute (higher speed options available).

JONES WRAPTOR®

Cartoner/ Sleeve
