

# ELECTRIC STEAMERS

FEATURES & BENEFITS

***We've raised the bar for steamers! The new LoLo Electric Steamer is a multi-mode steamer that offers operators a high-performance, a-la-carte cooking mode for peak production periods, an energy-saving batch production mode for prep cycles, and an idle mode for quick recovery—all in one steamer! And it's only from LoLo!***

- **Low price:** Affordable; best value for the money
- **Local inventory:** Immediate availability; stocked locally
- **Authorized service agents:** Factory-trained; nationwide
- **Factory tech support:** Peace of mind with easy-call 800#
- **3 cook modes:** All in one steamer: (1) a "Hi Performance" mode with a higher kW for fast, mixed-menu, a-la-carte cooking, (2) a batch-steaming "Energy Saver" setting that exceeds ENERGY STAR® minimum standards for efficiency, & (3) a "Standby" setting that recovers to cook mode quickly & exceeds ENERGY STAR idle energy rate standards
- **Economical:** Low upfront investment (10% to 30% lower purchase price than most other brands); fewer parts than competitive steamers so our maintenance costs are lower; attractive total-lifecycle cost through energy savings & productivity improvements
- **Efficient:** Cooks faster & requires less monitoring than traditional oven & range cooking
- **Stainless steel exterior & cooking compartment:** Durability; easy cleaning
- **Pressureless, free-venting design:** Can open door at any time; prevents flavor transfer
- **Boilerless operation:** Trouble-free – no deliming, caustic chemicals or water treatment required
- **Right-side mounted control center:** Easy to learn & use; simple rocker switch controls cook mode
- **Natural steam convection:** No fans to fail or plates/baffles to remove & clean
- **Heating elements:** Mounted below steam compartment for long, trouble-free life
- **4- or 6-pan capacity:** Single-compartment models easily accommodate 4 or 6 standard hotel size 12"x 20"x 2 1/2" pans; ST-4E has 33% more capacity than 3-pan models
- **Auto-fill water connection:** No manual water filling required
- **Large 1.5" drain:** No hot water pan to empty; won't clog
- **Solid door with continuous piano hinge:** Won't sag; quiet when slammed shut
- **Hands-free door latch:** Easy to open when carrying a pan
- **Left-door hinged:** Allows controls to be on the right side for ease of use
- **60-minute timer & continuous steam mode:** For batch or a-la-carte cooking
- **Dual voltage & phase conversion:** Installation is easy
- **Parts:** Stocked locally; field-replaceable
- **Made in U.S.A.:** Quality manufacture
- **Warranty coverage:** One-year parts & labor; second-year warranty available for purchase for K-12 schools
- **Gas steamers available:** 4- and 6-pan gas steamers are available to meet user requirements

## LoLo Electric Steamer Accessories:
