RETURN POLICY	PARTS RETURN POLICY
----------------------	----------------------------

Spare parts purchased from Loma that are unused can be returned to Loma within 90 days of invoice date but are subject to a restocking charge of 25% of value. Note that Loma reserves the right to decline the return or subject the order to applicable restocking fees; a return will be declined if the part is no longer sellable, is specially made or is non-stock (specially ordered). Electronic circuit boards that have been connected to a device are not returnable.

WARRANTY	Parts and Field Service Warranty
-----------------	---

Loma Systems (Loma) warranties its parts and labor, for items sold against an accurate equipment serial number and when installed by a Loma Field Service Engineer, for a period of ninety (90) days from the date of service. The warranty may become void if damage or failure has occurred due to customer misuse or improper application. (The only items not covered under a Loma warranty are consumable items, i.e., belts, bearings and etc.) The buyer will be charged for travel and expenses associated with a repeat visit to diagnose a reported identical problem within the ninety (90) day period. A purchase order will be required prior to a field service visit and, if the situation is deemed to be of a non-warranty nature, the buyer will be charged at the prevailing service rates for the labor and the parts.
